- Detail-oriented and able to meet deadlines

ARTIST STATEMENT

Through my art, I aim to use mixed media to shed light on societal issues like body positivity, anxiety, depression and suicide; especially in men and the queer community. These are subjects that many people would either politely avoid, or downright ignore. By combining bold color and contrast, texture and technique, my art works to speak in the universal languages of both the abstract and the human form.

DIRTY SHOW 19, Russell Industrial Center — *Juried Exhibition*
